Inter-Collegiate / Institute / Department Research Convention

(1) Introduction

The frontiers of education are changing every day. We are moving from the knowledge based society to a society of innovation and thus research becomes one of the most important components of the higher education. Today, one of the indices for the measurement of the potential of any educational institution is its research activity. All stakeholders namely, students, teachers and other entities in the higher educational institutes should be enthused to engage themselves in research at various levels.

It is essential to unveil the unknown and unexplored areas of knowledge in all fields of academic enquiry. Due to the increasing requisite of interdisciplinary approach, no discipline goes untouched from the research activity. Keeping in view the new challenges, the then Hon'ble Governor of Maharashtra and the Chancellor of the Universities in the State of Maharashtra initiated 'Aavishkar: Maharashtra State Inter-University Research Convention' in the academic year 2006-2007.

Since 2006-2007 the University of Mumbai has started Aavishkar: Inter-Collegiate / Institute / Department Research Convention for its affiliated colleges, constituent colleges, recognized institutes and academic departments. The Convention is designed with the intention to develop a research culture and scientific temper among the students and research scholars. The activity will also help to develop skill, review new dimensions of explored areas of knowledge as well as the unexplored areas of enquiry.

The University of Mumbai has a long tradition of 165 years with more than 852 colleges and over 9 lacs students studying in various academic departments, recognized institutes and affiliated and constituent colleges of the University. It shall be the collective responsibility of all of us to sensitize the students and teachers about the Convention and build confidence among the students to venture into research.

(2) Objectives

- To identify the hidden innovative scientific talents and capacities of the students.
- To provide opportunities for inculcating research attitude in the students.
- To create academically sound youth by developing knowledge, skill and attitude of the research.
- To promote aptitude with emphasis on high standards of research and development activities for the benefit of the students.
- To explore the active student centred paradigm of education.
- To excel active learning standards of research.
- To develop personality and communication skills in the students.
- To produce a research scholars commensurate with the need of the future.
- To promote the interaction among the students for the exchange of various aspects of the research.

- To encourage the students to participate in research activities at inter-collegiate, district, University, state, zonal, national and international levels.
- To felicitate and recognize achievements of students by offering awards and honours.
- To provide financial assistance in the form of fellowships / scholarships to the selected researchers for the development of his/her innovative research.
- To provide conducive environment for the enhancement of entrepreneurial skills and incubate the valid research ideas.
